From the moment you first sit down with your After Hours Disc Jockey, you'll know you've made the right choice in entertainment. Our professionalism and commitment to detail will be clearly evident.

We can provide microphone and music to set the tone for your ceremony so all your family and friends can hear you exchange your vows.

"Your professionalism is outstanding and your timing impeccable. Most of all, you were responsive to our needs, courteous and kind in every single interaction we had with you. Our wedding simply would not have been the same if you had not been responsible for the music."

Erica & Brynn Metzger-Hare

When it comes time to dance, it is obvious that we are not the center of attention. Our goal is always to energize your event with great music and minimal chatter.

We will make your commitment to each other something that everyone will remember.

Please call us today to set up your confidential personal consultation.
